

Visonic®

For a secure way of life

KF-234 PG2 Two-way Wireless Keyfob

- PowerG® two-way Frequency Hopping Spread Spectrum FHSS-TDMA technology - provides robustness and reliability closer than ever to wired
- Designed for arming and disarming as well as for emergency signaling, home automation and remote control applications
- Large transmission range enabling repeater-free installations
- Longer battery life (up to 8 years with typical use)
- Visible signal quality indication shown on the device
- Compatible with PowerMaster® systems and PowerG receivers

KF-234 PG2 is a 4-button, two-way wireless keyfob which arms and disarms PowerMaster® residential alarm systems. It can also be used for emergency signaling, home automation and other remote control applications, providing instant visual verification that the requested command has been successfully executed.

Specifications:

Battery type:	3V, CR-2032 Lithium battery
Weight (including battery):	25g (0.9oz.)
Operating temperature:	0°C to 55°C (32°F to 131°F).
Dimension:	60 x 34.5 x 12.5mm (2.4 x 1.4 x 0.5in)

Certifications:

CE FC
